Give me
All of your love when you're with me
Save me
All of you're love when you're gone
Hold me
When we're together and
Miss me
Miss me whenever you
Leave me
The hours you're gone seem so long
So long...

Give me
A promise that I can keep with me
Save me
From thinking that I may be wrong
Tell me
Tell me you'll always be
Near me
Now and forever and
Show me
That you're gonna love m
So long
So long...

Give me
A kiss that is going to last me
Save me
Show me that I can be strong
Free me
It seems like forever
Till we'll be
Sharing together
The loving
That we haven't shared in so long
So long...

Give me
A promise that I can keep with me
Save me
From thinking that I may be wrong
Tell me
Tell me you'll always be
Near me
Now and forever and
Show me
That you're gonna love me
So long
So long...
